
Contents

GENERAL CONSIDERATIONS

Object and field of application	9
Definitions	9
Symbols and units	10
References	13

RAW MATERIAL IDENTIFICATION TESTS

Water content	17
Particle size distribution: Wet sieving	21
Particle size distribution: Sedimentation	27
Consistency limits	35
Methylene blue test	45
Organic matter	51

MANUFACTURING TESTS

Optimum water content	57
-----------------------	----

FINISHED PRODUCT TESTS

Dry compressive strength	63
Wet compressive strength	69
Dry tensile strength	73
Abrasive strength	79
Capillary absorption	83
Dimensions, Mass, Apparent density	87

ANNEXES

Annex 1: Calibration of a hydrometer	93
Annex 2: Test equipment	99
Annex 3: Blank result forms	101
Annex 4: Technical and promotional documents	119
