

Preface ix
Acknowledgments xi
The Beginning 1

PART 1. THE EVOLUTION 5

Chapter 1. A Tale of Two Communities: Boshrouyeh and Taos 7
Chapter 2. Earth Architecture 15
Chapter 3. *Geltaftan* (Fired Structure) Earth Architecture 23
Chapter 4. A Ceramic House—A Dream Come True 39

PART 2. PHILOSOPHY AND DESIGN PRINCIPLES 43

Chapter 5. The People's Architecture: Working with Nature 45
Chapter 6. Structural Principles 57
Chapter 7. Basic Forms and Designs 63

PART 3. MATERIALS AND TECHNIQUES 65

Chapter 8. Appropriate Site, Appropriate Material 67
Chapter 9. Adobe 71
Chapter 10. *Geltaftan* (Fired-Earth) Adobe Mixture 77
Chapter 11. Adobe: Forms and Block-making 81

CONTENTS

- Chapter 12.* Foundations 87
Chapter 13. Walls 93
Chapter 14. How to Build Arches, Domes, and
Vaults 105
Chapter 15. Roofing and Wall Covering 131
Chapter 16. Flooring, Interior Finishes, Openings
and Utilities 139

PART 4. FIRING AND CERAMIC GLAZING 147

- Chapter 17.* *Geltaftan*: Firing Earth Structures 149
Chapter 18. Interior Design: Sculpting and Glazing 165
Chapter 19. Landscaping and Rehabilitation 173

PART 5. BEGINNING 177

- Chapter 20.* Model Making 179
Chapter 21. Visions for the Future 191

APPENDIX 195

Shell Membrane Theory Applied to
Masonry Domes 197

Magma, Ceramic, and Fused Adobe
Structures Generated *in Situ* 203

Building Codes 209

Glossary and Metric and U.S. Systems of
Weights and Measures 215

Index 219
