

CONTENTS

1. NEW GENERATION EARTHEN ARCHITECTURE

39 María Rinaldi, Francisco Uviña

Conservation, preservation and rehabilitation of earthen architecture as a youth development program 1

90 Cristián Bravo Araya

Raw Earth Construction: Experience in Quincha Mixed Systems in Tourist Complex CCH Building, Chillipín, Chile 3

91 Nariman Farahza, Iman Khajehrezaei, Mehrnaz Malek

Applying the Learnings of Conservation, Restoration and Revitalization of Historic Earthen Buildings in Contemporary Architecture Case Study: Protection, Restoration and Revitalization of vazir Mansion in Relation to Design and Build the Farahza House 11

2. LEARNING FROM HERITAGE

1 Sabir Tagiyev

Christian Faith Turkic Monuments in Azerbaijan 13

3 O-D. Samah

Build with Compressed Earth Blocks: An Option of Modernity and Sustainable Development 15

5 Mehriban Mikayilova

Style of "Oriental" Arab East in the Architecture of Baku 21

6 Ali Ould Sidi

The Architectural Heritage of Timbuktu and Local Community Participation to its Reconstruction 23

13 Chryssoula Voskopoulou

Monuments of Prespa Lakes: Learning from History and Architecture 25

21 Mauro Bertagnin

Earthen Architecture For New Generations: Learning From Ladakh Earthen Architectural Heritage 31

22 Canan Akhüsük

Researching and Determination of Vineyard Houses of Tosya in Kastamonu According to their Building Materials and Plan Types 35

23 Alev Erarslan

Timber Construction Elements in the Kerpiç Buildings in the Early Anatolian Architecture 37

33 Razzokov Abdurauf Rahimovich

Monument Sarazm (4-3 millennia B.C. Central Asia) 45

40 Numan Arslan Using Mud brick at Çatalhöyük	51
43 Mir Wali Shah, Azmat Ali Khan, Waqar Khattak , M.Fehmeed Ullah Shah Learning From the Vanishing Built Heritage of Colonial Architecture (A case of Abbottabad – Pakistan)	55
46 Onur Yüksel Interior Decoration at Çatalhöyük	65
57 Rania Daher Regenerating Vernacular Architecture in the Ancient Town of Jericho	69
62 Berenice Aguilar Sustainable Architecture Sources and Learning Resources	79
68 M. Zafer Akdemir, Aynur Ciftci, Dilek Ekşi Akbulut, Ezgi Korkmaz, Türkan Sarp Traditional Roof and Wall Construction Techniques of Kemaliye Houses	81
78 Giuseppina D'Ilario The Conservation work of the Great Mosque of Timbuktu, Mali: Survey, Plasters and Bas-relief	87
82 Akhmedov M. K., Tulaganov A.A., Kasimova S.S. Typological Identification and Transformation of Historical Monuments A Clay Architecture of Uzbekistan	89
85 Mehrnaz Malek , Maryam Mahdaviéh, Iman Khajehrezaei The Role of the People in Mobility of Historical Earthen Sites Case study: The Historical Texture of Fahadan in Yazd	97
86 Zehra Öngül How much from Heritage?	105
93 Gülhan Benli, Tuna Kan Conservation Problems of Adobe Architectural Examples in Sakarya Province Taraklı District and Solution Proposals	107
98 Fikriye Pelin Kurtul Vacek Adobe Use in Urartian Architecture and its Reflections in Present Day Architecture	115
3. MEDITERRANEAN EARTHEN ARCHITECTURAL HERITAGE	
2 Maddalena Achenza, Leonardo G. F. Cannas, Ilaria Giovagnorio Strategies for Climate Control in Sardinian Vernacular Building Heritage in the Reports of the Travellers of the XIX and XX Centuries	117
34 Turgay Salihoğlu Mudbrick and Heat	127
44 Ismail Cemal Traditional Mud Brick Making and Laying in Cyprus	129

70 Sevinç Kurt, Marko Kiessel , Yasemin Mesda, Thomas Terlumun Shagbaor Vernacular Architecture in Louroujina/Cyprus: Typology of Houses	131
--	-----

72 Gaia Bollini, Anna Paola Conti Earthen building in Italy: Memory and Reality	141
---	-----

4. LIVING SITES AND LOCAL KNOWLEDGE

10 Ivana Žabičková Old Earth Buildings – Preserve or Demolish?	149
--	-----

16 Mehmet Ali Yilmaz Research of Himiş Building Coating on Safranbolu Houses	157
--	-----

17 Ayisha Jalilova About Interconnection between Memorial Monuments of Azerbaijan and Eastern Countries	159
